Types of OE brackets, glued on the windscreen

NL: Kies de passende spiegel volgens de toepassingslijst. Afhankelijk van het model of bouwjaar van het voertuig, kunnen verschillen optreden; controleer daarom steeds het originele aanhechtingsplaatje op de voorruit.

Opgelet: Op voertuigen zonder aanhechtingsplaatje dient de spiegel met ref. 38.MON.M733 te worden gebruikt. Hierbij dient eveneens aanhechtingsplaatje nr. 9 te worden besteld. Dit moet tegen de voorruit worden gekleefd met gepaste lijm (niet meegeleverd).

FR : Sélectionner le rétroviseur adéquat au moyen de la liste d'application. Etant donné qu'il peut y avoir des changements suivant le modèle ou l'année de construction du véhicule, s'assurer que le rétroviseur choisi correspond à la plaquette de fixation d'origine sur le pare-brise.

Attention : Utiliser le rétroviseur avec réf. 38.MON.M733 sur les véhicules sans plaquette de fixation sur le pare-brise, et commander la plaquette de fixation n° 9. Utiliser une colle adéquate (non fournie) pour fixer cette plaquette.

EN: Choose the corresponding mirror on the basis of the application list. Mirrors may be subject to changes, depending on the model or year of construction of the vehicle; therefore always check the original attachment plate on the windscreen of the vehicle.

Caution: Vehicles without attachment plate need to be equipped with the mirror with ref. 38.MON.M733. Please make sure to also order the attachment plate n° 9, which will need to be glued to the windscreen using appropriate glue (not supplied).
